EXPERIENCE

Techbiz Innovators – UI/UX Designer, Freelance

Apr 2024 - Present | Australia, Remote

- Worked on two design projects: redesigned the UI for Bond University's Internal Equipment Management software and designed an UI for RestoGenius – an Australia based startup's Cloud POS system from scratch. **Tool:** Figma

Computer Solutions East, Inc – Software Developer, Full Time

Mar 2024 - May 2024 | New York, US, Remote

- Here, Developed Frontend UI, Integrated MS graph api, Lighthouse api & Connectwise api inside CSE internal sales predictive app using C#, ASP.NET core with Entity Framework. It improved software monitoring metrics performance and boosted productivity for CSE sales & marketing teams.
- Worked on DB migration to seamlessly transfer data to the internal app, enabling efficient handling of 60K+ entries while maintaining data integrity. Additionally, Written SQL queries & contributed to the UI/UX for HR task manager app & predictive sales app using Figma, Uizard.

Tech: C#, ASP.NET Core with Entity Framework, Azure DevOps, ReactJS, Html, Css, Js, Sql, Postman, Figma & Uizard

Adevu – Software Engineer, Full Time

June 2023 - Mar 2024 | California, US, Remote

- Here, developed new frontend features, test plans and executed test cases for the Hotel Management System admin panel using ReactJS, Python & Django, Conducted System Integration testing and Unit testing for frontend features using Selenium, Python Robot Framework to enhance features performance & to identify potential issues before prod deployment.
- Created and Managed new frontend features release documentation for each release. Additionally, crafted instructional videos for each feature to improve user interaction to the website. Also contributed to both Backend and Cloud side development.

Tech: Python, Django, Figma, Html, Css, JavaScript, ReactJS & AWS

Frontend Software Engineer, Intern | [Link](#) , [Visit Website](#)

Dec 2021 - May 2023 | California, US, Remote

- In this role, I contributed to the UI Design, Frontend Development, and Testing frontend features of a Hotel Management System. I have worked closely with the design, development teams & CTO. I focused on creating user-friendly interfaces, implemented accessibility enhancements, such as screen reader support, keyboard navigation and adherence to WCAG standards to provide an inclusive user experience. **Tech:** Python, Django, Figma, Html, Css, JavaScript, ReactJS & AWS
